

## Update your Email Address

The VFFA would like to have the option of contacting its members by email more often so we can keep you abreast of the latest and future club activities

Could you please email us with the following information as soon as possible

Member Name \_\_\_\_\_

Member email address \_\_\_\_\_

If you do not have an email address but have access to one near you or a relative that would accept an email as the economics of email are very attractive to our organisation

Please email your reply to:
